

# What is Religious Education?

## Religious Education is .....

Religious education is learning about the main religions of the world. It develops your understanding of people's beliefs and religious traditions. It helps you to understand the influence of beliefs on individual's lives and their communities. It enables you to develop respect for and sensitivity to others, especially those with different beliefs from your own.

Someone who studies religious education is called a theologian. We will be learning about Jesus, Rama, Sita, Lakshman, Hanuman, Guru Nanak, Guru Gobind Singh,

## I will be learning these skills in Religious Education:

- To combine information from different sources to produce work using religious terms correctly.
- To recognise the impact of religion on people's lives
- To describe some similarities and differences between religions.
- To describe what influences and inspires yourself and others and show respect for the beliefs of others.
